

Thorpe Morieux Creation

A celebration of art
nature and the advent
of Spring 16 -17 Feb 2019

Our community art event returns in the Spring! Team Creation are currently putting together the 2019 programme of events and we hope that you are looking forward to joining us. As in 2017 we will be running both sculpture and art competitions - the creativity and skill on display last time was so impressive that we can't wait to see what is created this Spring.

The event will centre around the snowdrop display in the churchyard, with art displays and stalls in the church and an exhibition by professional artists in the village hall - there will of course be the return of the popular pop-up café, too. All proceeds from the event will go towards the restoration and preservation of St Mary's Church.

Updates about events, competitions and **PRIZES will be posted on the Village Hall notice board and on our Facebook page @ThorpeMorieuxCreation.
We look forward to seeing you there.**
